**FRIDAY 5<sup>th</sup> October 2007**

- 14.00 Introduction and Vas Research Projects  
M.Catalano (I)
- 14.15 Lecture – Imaging in vascular diseases : new frontiers  
*J. VanDenBerg (CH)*
- 14.40 European Biobank in PAD:  
- The Research Project *M. Catalano (I)*  
- Technical & Quality procedures in Sample Storage  
*M. Piovella (I), M. Valentini*
- 15.15 Vascular Medicine Portal: experimental clinical and research project  
*M. Vercesi (I)*
- 15.30 **COFFEE BREAK**
- 15.45 Patients' education project  
*P. Carpentier (F)*
- 16.05 Discussion and contributions
- 16.40 Awareness : introduction to AmaVas  
*M. Bobba (I)*
- 17.00 Section Open to Public : "Questions to the Experts" Patients' Group

Vascular  
Independent Research and Education  
- European Organisation -

**SATURDAY 6th October 2007**

- 09.00 Session begins  
09.05 Lecture – The Clinical Relevance of the Endothelial Surface Charge  
*G. Born (UK)*  
09.35 Thrombin Generation Assessment  
*G. Gerotziapas (F), I. Elalamy (F)*  
10.05 European Venous Registry  
*P. Walton (UK)*  
10.30 DICOM project  
*D. Olinic (RO)*  
10.45 **COFFEE BREAK**  
11.05 VAS Independent clinical trials – The betaine project  
*M. Manto (I)*  
11.25 7 New VAS Research projects :how to organize our collaboration?  
*Multivoices (VAS)*  
11.45 Discussion  
12.15 **LUNCH BREAK**  
13.30 Lecture – The Metabolic Syndrome :fact or fiction  
*B. Fagrell (S)*  
14.10 Educational Projects : from the European Fellowship to a European Diploma?  
*Multivoices (VAS)*  
14.30 Immunological parameters in PAD  
*M.Clerici (I)*  
14.50 Undervalued topics in Vascular Medicine:  
Laser ambulatory treatment for Varicose Veins  
*G.Dimitrov (I), E. Perilli (I)*  
15.00 Transcranial Doppler  
*A. Todini (I)*  
15.15 Conclusions  
15.30 Vas desk Material, information, projects – joining up: in front of the hall  
16.00 AmaVAS meeting
